ROK Suction Mount

- A versatile, elegant suction mount that is compact and solid
- Easy to Install – attaches and removes in seconds
- Includes a self-adhesive disc that allows use of the suction mount on the dash or center console
- Great when using GPS Navigation applications also on rough roads
- Suitable for all device holders with HR 4-hole adapter system

mini Phone Gripper 4

- Universal holder – suitable for almost all devices (with a width from 1,65” to 3,22”)
- Padded side arms keep the device protected and secure within the holder
- Simply insert the device and press together the lateral clamping jaws
- Release of the device at the push of a button
- An optimized clamping pressure ensures a perfect grip
- Moving strips can be removed and the holder can be turned (should controls on the side of the device be affected)
